

Maximizing Birth Control Coverage in Illinois

ILLINOIS FAMILY PLANNING PROGRAM: *ILFPP (TITLE X)*

HFS FAMILY PLANNING PROGRAM *HFS FPP*

PATIENTS

Access care with any Title X grantee: all birth control methods, STI and related gynecological care (pap), care coordination for other reproductive and primary care services.

Household income $\leq 100\%$ FPL for no-cost care, sliding fee scale 101%-250% where services are provided at a discount.

Can enroll for ongoing coverage with any Title X grantee for immediate care.

Coverage for all genders and to individuals age 12+, including non-citizens and non-Illinois residents.

Access care at any health entity that accepts Medicaid: all birth control methods, STI care, preventive services (repro vaccines, mammogram), gynecological care (pap, colpos), and abortion.

Individual (counted as household of two) income $\leq 213\%$ FPL for no-cost care, otherwise time of service fee/cash pay discount.

Can enroll for ongoing coverage in ABE or for immediate, temporary coverage (FPPE) with designated providers.

Coverage open to IL residents of all genders and ages. Ongoing coverage open to US citizens. FPPE open to U.S. citizens and non-citizens.

PAYORS

Grant awarded annually from federal Title X and state General Revenue Funds.

Title X grantees accept all insurance, applying Title X funds as a payor of last resort. Can draw down on TX grant even if covered by Medicaid/private insurance.

Ongoing Medicaid coverage at 90% federal/10% state billed directly to HFS (not MCOs) as fee-for-service.

Can qualify even with private insurance that patient can not/does not want to apply because of confidentiality concerns or restrictions on coverage of reproductive services.

PROVIDERS

Confidential care for all, nobody turned away due to inability to pay when seeking covered services with Title X grantees.

Dispensing of no-cost or sliding fee scale supplies/meds at Title X grantee clinic site or pharmacy of choice.

Grant administrative tasks for federal Title X and state funding compliance.

Confidential care for all, nobody turned away due to inability to pay when seeking covered services at a community health/safety nets.

Dispensing of no-cost supplies/meds at patient's pharmacy of choice.

Same administrative tasks for compliance as full Medicaid plans.
